## RESUME OF JOSEPH GIRARD SAN MIGUEL

Joseph G. San Miguel was born in San Antonio, Texas, on March 2, 1944. His educational degrees include a Bachelor of Business Administration with a major in Accounting from the University of Texas at Austin in 1967; a Master of Business Administration with a major in Accounting from North Texas State University in 1968; and a Ph.D. with a major in Accounting and Information Systems from the University of Texas at Austin in 1972. His doctoral dissertation examined information and decision processes of users of management information.

Most recently Dr. San Miguel was an associate professor at Harvard University's Graduate School of Business, from 1974 to 1982. Prior to that he was an assistant professor at New York University's Graduate School of Business from 1972 to 1974. During his doctoral studies, 1969-72, he taught at the University of Texas at Austin. He was also an instructor at the University of Houston and North Texas State University. In 1969, he was licensed as a Certified Public Accountant by the State of Texas.

Dr. San Miguel has been employed by Mobil Oil Corporation, Anderson Clayton & Co., and the Systems Division of the State Auditor's Office in Texas. He has also been a consultant to numerous organizations including the American Arbitration Association, Baxter-Travenol Corp., Digital Equipment Corporation, Federal Communications Commission, General Cinema Corporation, General Electric Company, Nabisco, National Science Foundation, and Western Electric Company.

His professional societies include the American Accounting Association, American Institute of Certified Public Accountants, American Institute of Decision Sciences, and The Institute for Management Sciences. Honorary societies include Beta Alpha Psi, Beta Gamma Sigma, and Phi Kappa Phi. He has published numerous articles and is co-author of two books.

Dr. San Miguel joined the Naval Postgraduate School as Professor of Accounting in the Department of Administrative Sciences in 1982. His teaching areas are management planning and control systems, financial accounting, and comprehensive auditing. His research interests include information processes and decision processes of users of information and comprehensive auditing.
